# Moving Forward Together: How a Software Engineering Department Can Impact Developer Productivity in a Research Organization

*A whitepaper for the 2020 Collegeville Workshop on Scientific Software, focusing on Developer Productivity.*

Jim Willenbring, Reed Milewicz, ;*Sandia National Laboratories*

## Introduction

This PDF is a placeholder for the actual paper, which is waiting to complete the process of review and approval at Sandia National Laboratories. It should clear review as soon as next morning, at which point the real paper will be uploaded in place of this one.
